

## UNDERTAKING YEAR 13

Students are able to apply to the Principal to undertake Year 13 studies in particular circumstances.

- To complete the requirements to be awarded the TCE. This would apply when a student may have extenuating reasons for not having gained the TCE at the end of Year 12 or has not completed Year 12.
- To complete a VET qualification. For example, a student who commenced a Certificate II in Hospitality or Business during Year 12 may not have successfully completed all units of competence to gain the full qualification. This student could return as a part time Year 13 student.

If you are considering Year 13, please talk to the Year 11/12 Coordinator as soon as practicable.
